Hi, Robin...

Terry would like to have a proposal drafted, please.

Fort McCoy is in his 92nd Assembly District, and currently sells licenses for hunting and fishing, etc. on their land.

Fort McCoy would like licenses there to be sold through the state's ALIS system.

DNR attorney Tim Andryk says there would have to be a statutory change, similar to 29.229 and 29.2295, authorizing Lac du Flambeau to use the ALIS system.

Terry says he'd like to change the statutes, if needed, but not including special regulations for McCoy.

Let me know if you need further information, OK?

Thanks!

Analysis by the Legislative Reference Bureau

Under current law, a person may receive a permit from the federal government to hunt, fish, or trap within the boundaries of Fort McCoy, an army installation in this state. This permit is required in addition to a hunting, fishing or trapping license issued by the state. Currently, person must apply in person at Fort McCoy to receive a permit.

This bill authorizes the federal government to enter into a contract with the Department of Natural Resources so that these permits may be issued through the automated statewide system with which DNR contracts for issuing fish and game permits (ALIS). The bill requires that the fees to be collected for the federal McCoy permits, the amount of each fee to be retained by DNR and the amount to be paid to ALIS contractor.

For further information see the **local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 3 SECTION 1. 20.370 (9) (hu) of the statutes is amended to read:

Federal hunting, fishing, and trapping approvals

Analysis by the Legislative Reference Bureau

Under current law, a person may receive a permit from the federal government to hunt, fish, or trap within the boundaries of Fort McCoy, a U.S. army installation in this state. This permit is required in addition to a hunting, fishing, or trapping license issued by the state. Currently, a person must apply in person at Fort McCoy to receive the permit.

This bill authorizes the federal government to enter into a contract with the Department of Natural Resources (DNR) so that the permits may be issued through the automated statewide system with which DNR contracts for issuing fish and game permits (ALIS). The bill requires that the contract set the fees to be collected for the federal Fort McCoy permits, the amount of each fee to be retained by DNR, and the amount of each fee to be paid to the ALIS contractor.

For further information see the **local** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
